High School Level Classes

Build a Strong Technical Foundation!

Ballet™

Following a classical syllabus, our Ballet classes promote technique, poise, and agility, and introduce age-appropriate movements at each level. Taught with classical music and French terminology, Ballet is known as the building block for all styles of dance!

TAP™

Rhythm and timing are the focus in this lively class. Dancers learn classic steps and phrases, building their skill in musicality, clarity, and speed throughout each year of study.

Jazz™

With an influence of both tradition and trends, our Jazz classes incorporate the latest styles, offering our Dancers a well-rounded experience. Technique and self expression grow step by step as the Dancers groove through each class to upbeat music.

ALL INCLUSIVE XPERIENCE

Compliment the Foundation with...

360Dancer

With the guidance of Acrobatic Arts syllabus, Acro classes offer Dancers the chance to hone their strength and flexibility. Beginning with Acro fundamentals such as somersaults and cartwheels, Dancers safely build the skills they need to achieve more complex movements, such as elbow stands, walkovers, and side aeris.

Contemporary

Study classical techniques from Limón, Horton, and Graham and develop a strong grounded sense of movement. This class is all about body awareness, and making pictures with the shapes and lines of the body that are created from the inside out.

Musical Theatre™

Singing, dancing, and acting all take centre stage in our Musical Theatre classes, which are designed to build off of Jazz technique and grow each Dancer's artistry. With several mini-musical opportunities throughout the year, Dancers build their confidence as a "triple threat" performer!

Hip Hop

This high-energy class offers Dancers a way to explore age-appropriate street movements set to popular music. Body isolations, quick footwork, and syncopated rhythms are emphasized, along with learning how to freestyle.
